

## **PRIVACY POLICY**

This document also takes into consideration Recommendation no. 2/2001 adopted by the European personal data protection authorities, which establishes the minimum requirements for collecting personal data on-line.

The information is provided solely for the [www.vomm.it](http://www.vomm.it) site and not for any other sites the user may visit by means of links.

The Data Controller is VOMM IMPIANTI E PROCESSI S.P.A. with registered office in Rozzano (Milan), via Curiel, 252 – 20089

### **The purposes of data processing and the methods used**

#### **Data and processing methods**

Data processing related to this site's web services is only performed by the technical staff of the service assigned to undertake this. No data deriving from the web service are disclosed or released.

The personal data supplied by users are used solely for the purpose of providing the service requested and are only communicated to third parties if necessary for the aforesaid purpose

#### **Data processing procedures**

Personal data are used by automated means for the time strictly necessary to achieve the purposes for which they were acquired. Specific security measures are implemented to prevent the loss of data, illegal or improper use, or unauthorised access.

### **Type of data processed**

#### **BROWSING DATA**

During their normal operation and for the duration of the connection only, the IT systems and software procedures which operate this website acquire some personal data the transmission of which is implicit in the use of Internet communications protocols.

These data are not gathered for association with identified subjects, but by their very nature, when processed or associated with data held by third parties, they might allow users to be identified.

This category of data includes the IP addresses or domain names of the computers used by users who log onto the site, the addresses in URI (Uniform Resource Identifier) notation of the resources requested, the time of the request, the method

used when submitting the request to the server, the size of the file obtained in reply, the numerical code indicating the server's response status (concluded successfully, error, etc.) and other parameters relating to the user's operating system and IT environment.

These data are used for the sole purpose of obtaining anonymous statistical information concerning use of the site and to check that it is operating correctly and they are deleted immediately after processing. The data might be used to identify those responsible in the event of IT crime against the site.

## **DATA SUPPLIED VOLUNTARILY BY THE USER**

The optional, explicit, voluntary dispatch of electronic mail to the addresses provided on this site leads to the subsequent acquisition of the sender's address, necessary in order to reply to any enquiries, and any other personal data included in the message.

Personal data may only be used for the dispatch of advertising material, marketing information or the sale of products or services by the company with the sender's consent.

## **COOKIES**

Cookies are small text strings which a server exchanges with the web client (by means of the browser installed on the user's electronic device). They are used for automatic digital authentication, session tracking and storing specific information about the users who access the server.

### **TECHNICAL COOKIES**

This Site uses the following type of cookies: Technical cookies (which do not require consent under current legislation).

This Site uses Technical Cookies to save the user's session and to perform other activities strictly necessary for its operation, such as in relation to traffic distribution. It may also use Cookies to save browsing preferences and optimise the user's browsing experience on the Site; these cookies include, for example, those for the management of aggregated, anonymous statistics by the Site's Controller. "Web Analytics", used to collect aggregated, anonymous statistics on user' use of the Site, are also Technical Cookies.

This website uses Google Analytics, a web analytics service provided by Google, Inc. ("Google"). Google Analytics uses cookies to allow the website to analyse how users utilize it.

You can prevent Google from collecting and processing this information by downloading and installing this browser plugin :
